

## Call for Papers

### WSEAS TRANSACTIONS on COMPUTER RESEARCH

#### Special Issue on Emerging Internet Technologies

##### Committee:

Prof. Francklin Rivas-Echeverria, Facultad de Ingenieria, Escuela de Ingenieria de Sistemas, Universidad de Los Andes, Merida, Venezuela

Prof. Fernando Ribeiro, Informatics Department, Polytechnic Institute of Castelo Branco, Portugal

Prof. Jose Metrolho, Informatics Department, Polytechnic Institute of Castelo Branco, Portugal

Prof. Mara Peterson, Riga Technical University, Riga, Latvia

Prof. Jyri Rajamaki, Research Design and Innovations, Laurea University of Applied Sciences, Espoo Finland

Prof. Javier Bilbao, Applied Mathematics Department, University of the Basque Country, Bilbao, Spain

##### Topics:

Media for the Internet

Embedded Systems and Internet Technologies

Software for Internet Technologies

Infrastructure management via Internet

Manufacturing via Internet

Energy management via Internet

Medical and healthcare systems via Internet

Building and home automation via Internet

Transportation via Internet

Large scale deployments via Internet

Applications of the Internet of Things

Emerging Standards for an Internet of Things

Home Networking

Internet of Things communication systems and network infrastructures

RFID and Tagging Technologies

Artificial Intelligence and Internet

Complex Architectures

Complex systems

Security for the Internet of Things

Privacy for the Internet of Things

Location and tracking of objects

Web Services

Sectors

Sub systems

Grid Computing

Simulation for the Internet of Things

Submission Deadline: December 31, 2016

Submission Rules:

Manuscripts should be prepared according to the formatting instructions available at WSEAS Transactions on Computer Research at <http://wseas.org/wseas/cms.action?id=13370>. Manuscripts submitted to the Special Issue on Emerging Internet Technologies are to be submitted following the standard submission process. All submitted manuscripts will be reviewed using the standard procedure that is followed for regular submissions.
