

Call for Papers

WSEAS TRANSACTIONS on SYSTEMS

Special Issue on Mechatronic Systems Applications in Engineering (MSAE)

Editor:

Professor Şahin Yildirim, Erciyes University, TURKEY

Committee:

Dr. Marek Kubalcik, Tomas Bata University in Zlin, Zlin, Czech Republic

Dr. Husi Geza, University of Debrecen, Debrecen, Hungary

Dr. Jose Mendes Machado, University of Minho, Minho, Portugal

Dr. Filomena Soares, University of Minho, Minho, Portugal

Dr. Milan Adamek, Tomas Bata University in Zlin, Zlin, Czech Republic

Dr. Eurico Seabra, University of Minho, Minho, Portugal

Dr. Ikbal Eski, Erciyes University, Kayseri, Turkey

Aim:

This journal presents research in the area of mechatronics and industrial automation. The intention of this journal is to provide an international forum report the latest developments from interdisciplinary theoretical studies, computational algorithm development and practical applications. The main objective of the journal is to establish a forum for information exchange between professionals, academicians and engineers who are working in the area of mechatronics, control engineering, and industrial automation, helping them to disseminate information and to learn from each other's work.

Topics:

Intelligent mechatronics, robotics

Novel and unconventional mechatronic systems

Modeling and control of mechatronic systems and robotics

Elements, structures, mechanisms of micro systems

Sensors, wireless sensor networks

AI, neural networks and fuzzy logic in mechatronics and robotics

Industrial automation, process control

Submission Deadline: December 31, 2016

Submission Rules:

Manuscripts should be prepared according to the formatting instructions. Manuscripts submitted to the Special Issue on Mechatronic Systems Applications in Engineering (MSAE) are to be submitted following the standard submission process. All submitted manuscripts will be reviewed using the standard procedure that is followed for regular submissions.
