"I am glad that I published one of my good papers in WSEAS transactions. The title of my paper is "Automated Diagnosis of HV/LV Connection and Floating Gate Faults in VLSIs" and has been accepted in WSEAS Transactions on Circuits and Systems. I made the significant improvements that the reviewers proposed on the paper in order to submit the final version for the WSEAS Transactions on Circuits and Systems. It goes through the peer's review with no publication fee. I am glad that the paper will be published in this journal soon and I thank the Editor-in-Chief, Associate Editor and the team of 3 reviewers"
