I certify that I received substantial, important, line by line peer review with several and substantial comments, important remarks and hints from 3 Reviewers and the Assistant Editor for my paper: Asymptotic properties of the hazard function and the mean residual life function, ID 387.

I would like to thank all the reviewers for their thoughtful comments and efforts towards improving my manuscript. I revised the manuscript with special attention to the comments that we received from 3 reviewers that they were experts, specialist in the area of my paper.

Also, I declare also that no reviewer, no Associate-Editor, no Editor-in-Chief, no member of the WSEAS Secretariat, nobody whatsoever and never forced me in WSEAS Journals to add references / citations to any previous WSEAS Publications or any other publications

I underline here that very different but constructive reviews helped me to improve my manuscript. The review process was excellent.
