Hi Editor-in-Chief of WSEAS,

I am trully glad that I will publish one of my good papers in WSEAS transactions. The title of my paper is "A Method for Processing Top-k Continuous Query on Uncertain Data Stream in Sliding Window Model (SWM)" and has been accepted in WSEAS Transactions on Systems and Control.

I made the significant improvements that the reviewers proposed on the paper in order to submit the final version for the WSEAS Transactions on Systems and Control.

It goes through the peer's review with some publication fee. I am trully hope that the paper will be published in this journal soon and I am greatfull to the Editor-in-Chief, Associate Editor and the team of 4 reviewers"
